

### ***EDUCATIONAL PROGRAMMES:***

*The Ananta Welafre Society is engaged in helping out the underprivileged kids with education and to bring about a social change. The Society received its basic resources from the community and support from the community to spread education among children of its operational area. The Society has taken simple strategies to promote education through introduction coaching classes for drop out, study centres for needy students and also to run an English Medium School for spreading quality education among children, In an effort to provide quality education to all. Therefore, during the year 2016-2017, the Society has organized following educational programmes:*

*Dropout Coaching Programme.*

*Study Centres for students below poverty level.*

*Ananta Academy (English Medium School).*

*Investors Awareness & Education Programme.*
